

Annals of **HUMAN BIOLOGY**

Journal of the Society for the Study of Human Biology

FOR THE STUDY OF HUMAN ECOLOGY, DEMOGRAPHY AND GROWTH
AND THE GENETICS AND PHYSIOLOGY OF HUMAN POPULATIONS

Edited by

K. J. COLLINS, G. A. HARRISON, J. M. TANNER

VOLUME 10

1983

Taylor & Francis Ltd

London and New York

CONTENTS OF VOLUME 10

Vol. 10 No. 1 January/February 1983

Menarche in athletes: a synthesis and hypothesis R. M. Malina	1
Midgrowth spurt in height of Boston children C. S. Berkey, R. B. Reed and I. Valadian	25
Adolescent menstrual characteristics as predictors of gynaecological health J. Gardner	31
Changes over thirty years in an index of gynaecological health J. Gardner and I. Valadian	41
Longitudinal growth standards for preschool children C. S. Berkey, R. B. Reed and I. Valadian	57
Age at menarche and unsuccessful pregnancy outcome G. Wyshak	69
Short reports:	
Secular changes in age at menarche in a sample of US women G. Wyshak	75
Age at menarche: Nicolai Edvard Ravn's data on 3385 women in mid-19th century Denmark E. Manniche	79
Proceedings of the Society for the Study of Human Biology	83
Book reviews	89

Vol. 10 No. 2 March/April 1983

Urinary hormone levels: a population study of associations between steroid and catecholamine excretion rates K. M. Summers, G. A. Harrison, D. A. Hume and C. D. Palmer	99
Familial resemblance in fatness indicators R. Savard, C. Bouchard, C. Leblanc and A. Tremblay	111
Weight-for-height in adolescence W. Z. Billewicz, A. M. Thomson and H. M. Fellowes	119
A longitudinal study of growth in Newcastle upon Tyne adolescents W. Z. Billewicz, A. M. Thomson and H. M. Fellowes	125

Intra-pair similarity in physical growth of opposite-sex twin pairs during puberty S. Fischbein	135
Dogrib Indians of the Northwest Territories, Canada: genetic diversity and genetic relationship among subarctic Indians E. J. E. Szathmary	147
The genetic contribution to pubertal growth and development studied by longitudinal growth data on twins J. C. Sharma	163
Genetic components of variations of red cell glycolytic intermediates at two altitudes among the South American Aymara R. Chakraborty, J. Clench, R. E. Ferrell, S. A. Barton and W. J. Schull	173
Short reports:	
Age at menarche of schoolgirls in Khartoum N. L. Attallah, W. M. Matta and M. El-Mankoushi	185
Incidence of colour-blindness among the marine fishermen of Puri B. M. Reddy	189
Blood pressure and triceps skinfold thickness R. S. Rao	191
Comparison of head circumference in an Israeli child population with United States and British standards H. Palti, E. Peritz, D. Flug, M. Gitlin and B. Adler	195
Book reviews	199
Notes and queries	208

Vol. 10 No. 3 May/June 1983

Adolescent growth in height and its relation to menarche in contemporary American girls L. Zacharias and W. M. Rand	209
Associations between anthropometric variables and reproductive performance in a Papua New Guinea highland population G. Brush, A. J. Boyce and G. A. Harrison	223
Neonatal morbidity risk: a study of the relationship to birthweight and gestational age in four Italian centres A. De Scrilli, A. Bossi, M. L. Caccamo and E. Marubini	235
The inheritance of height in a Finnish population P. J. Solomon, E. A. Thompson and A. Rissanen	247
Cohorts, overlapping generations and consanguinity estimates P. W. Leslie	257

Temporal variation in the mating structure of Sanday, Orkney Islands E. R. Brennan and J. H. Relethford	265
Familial correlations for serial measurements of recumbent length and stature P. J. Byard, R. M. Siervogel and A. F. Roche	281
Short reports:	
Estimation of random isonymy B. Dyke, A. V. James and W. T. Morrill	295
List of members of the Society for the Study of Human Biology	299
Book reviews	311

Vol. 10 No. 4 July/August 1983

Genetic structure and population history of Ireland: a comparison of blood group and anthropometric analyses J. H. Relethford	321
Genotype-environment relationships: an analysis of stature distribution curves during the last century in Italy L. Terrenato and L. Ulizzi	335
Waiting times to first birth in a rural area L. Rosetta	347
Rare and unusual alleles in Alaskan ethnic groups E. M. Scott and R. C. Wright	353
Serogenetic studies on the Daga of the interior of the mainland of Milne Bay Province, Papua New Guinea T. Jenkins, D. S. Dunn, S. F. A. Gibney and G. T. Nurse	357
Ages at menopause and menarche in a high-altitude Himalayan population C. M. Beall	365
Causes of an extremely high local twinning rate H. D. Schmidt, F. W. Rösing and D. E. Schmidt	371
Short reports:	
Is there an association between ABO blood groups and primary osteoarthritis of the hip? J. A. Lourie	381
Haptoglobin polymorphism in Egyptians Z. Habib	385
Letter to the editor	389
Book reviews	391

Body height and upward social mobility T. Bielicki and J. Charzewski	403
Maternal factors in dizygotic twinning: evidence from interracial crosses M. J. Khoury and J. D. Erickson	409
Sleep latency and lifestyle in Oxfordshire villages C. D. Palmer and G. A. Harrison	417
The final phase of growth in height B. Hulanicka and K. Kotlarz	429
Morphometric features as tribal predictors in North-Western Amazonia K. Milton	435
Trends in the growth of ethnic Chinese children living in London E. Wheeler and S. P. Tan	441
Distribution of three red-cell enzyme polymorphisms (ACP, PGM₁ and AK) in gypsies from Slovakia (Czechoslovakia) D. Siváková	449
Genetic composition of Jewish populations: diversity and inbreeding E. Kobyliansky and G. Livshits	453
Adaptive significance of the Indian caste system: an ecological perspective M. Gadgil and K. C. Malhotra	465
Short reports:	
Patterns of TW-1 and TW-2 skeletal age differences in 12-19-year-old Belgian boys G. Beunen, M. Ostyn, R. Renson, J. Simons and D. Van Gerven	479
Heritability of body measurements among the Jalari population in Visakhapatnam M. R. Devi and G. G. Reddi	483
The Preece-Baines growth function demonstrated by personal computer: a teaching and research aid T. Brown	487
Notes and queries	491
Errata	494
Book reviews	495

Moors and Christians: an example of multivariate analysis applied to human blood-groups R. A. Reymont	505
Longitudinal principal components and non-linear regression methods of early childhood growth C. S. Berkey and R. L. Kent, Jr	523

Relationships between computed tomography tissue areas, thicknesses and total body composition

G. A. Borkan, D. E. Hulth, S. G. Gerzof, B. A. Burrows and
A. H. Robbins 537

Lung function in an Australian population: contributions of polygenic factors and the *Pi* locus to individual differences in lung function in a sample of twins

J. B. Gibson, N. G. Martin, J. G. Oakeshott, D. M. Rowell and P. Clark 547

Age of pubertal stages including menarche in Greek girls

C. Dacou-Voutetakis, D. Klontza, P. Lagos, A. Tzonou, E. Katsarou,
S. Antoniadis, G. Papazisis, G. Papadopoulos and N. Matsaniotis 557

Evidence for a major gene effect in the distributions of digital ridge counts

R. G. Harvey and D. Suter 565

Short report:

A dermatoglyphic survey of Kenyan schoolchildren

P. J. Rosa 579

Letter to the editor 585

Notes and queries 586

Book reviews 587
